

Esprit Floor Stand– Elegant Interior Spotlight Luminaire

kreon

Date: _____ Customer: _____

Project: _____

Type: _____ Qty: _____

kreon esprit is an elegant and simple spotlight luminaire that seeks to cast a perfect pool of light. LED light sources are contained within light projecting cylinders available as a ceiling mount, pendant and floor standing. Each provide a fully rotational and adjustable movement for the heads to enable total flexibility when directing light. Remote positioned control gear is located above the ceiling void and can operate with single or twin headed models.

Construction

Luminaire

Made from high-pressure die cast aluminum. Surface treatment by powder-coated.

Finishes

- White
- Black

Mounting Option
